

Discounts and Bundles Disclosure

At Sharon Telephone Company, we strive to offer competitive pricing and excellent value to our customers. As part of this commitment, we provide special discounts and bundling options for broadband services in select areas.

Please note the following policy regarding discounts and bundling:

- **Eligibility:** Discounts and bundling packages for internet and phone services are available *exclusively* to customers located within our legacy service area (Hills and Sharon areas only). This includes areas where we have historically provided internet and phone services and continue to receive recovery funds to help supplement the cost of delivering these services.
- **Services Covered:** Eligible customers in our legacy area can enjoy special pricing on internet and phone bundles. No discounts are offered on standalone services or other service combinations.
- **Non-Legacy Areas:** Unfortunately, due to different cost structures and lack of recovery supplements outside our legacy service area, we are unable to offer discounted rates or bundling options for customers in non-legacy locations.

This policy allows us to continue providing the highest quality service at affordable rates in areas where it is economically feasible. If you have any questions or need further clarification, please contact our customer support team at 319-679-2211.
